OUR BENEFITS - YOUR GAINS

PURE
HEALTHY FIRST

The greatest success is built on a foundation of healthy living.

Our dietary supplements are 100% natural. We use original technology to deliver the most purified and bioavailable extracts - free from harmful, ballast and ineffective substances.
All VemoHerb® products are vegan, of clear origin, with no side effects, free of allergens, GMO, additives and prohibited substances.

Suitable for every athlete and compatible with every diet.
Unlock your natural potential with VemoHerb®!

EFFECTIVE
EXPECT RESULTS

Enjoy your transformation and taste the success.
The effect of VemoHerb® supplements is palpable in small doses. We value quality over quantity - we are sure you do too.
Our extracts are standardized at a high concentration of bioactive substances. We guarantee a consistent, maximized concentration of bioactive agents in each capsule.

TESTED AND PROVEN
TRUST THE EXPERIENCE

For over 25 years, we have been the number one choice for athletes and active people worldwide. Our commitment to quality and innovation has resulted in a loyal following of thousands of satisfied customers.

Trust your nature. It knows best.

POTENT TRIBULUS TERRESTRIS EXTRACT:

FACT 1

According to studies, the most potent and effective Tribulus is of Bulgarian origin. It is rich in furostanol saponins, especially protodioscin **- the herb's bioactive substances.**

FACT 2

The most effective Tribulus extract is **standardized** at furostanol saponins, rather than total saponins, due to the superior bioactive properties of furostanol saponins.

FACT 3

The really potent Tribulus extract is purified from ballast substances and contains the full spectrum of furostanol saponins that work in synergy for **enhanced performance.**

Learn more about the Tribulus terrestris extract and how to recognize the effective Tribulus supplements

vemoherb.com

BULGARIAN TRIBULUS

THE ORIGINAL. PATENTED AS TRIBUSCIN®

Standardized at 60% furostanol saponins (determined as protodioscin) it delivers over 1800% of total saponins with each capsule. It is extremely purified and concentrated to high levels of potent active substances.

TRIBUSCIN®
PATENTED EXTRACT

APPLICATION

Bulgarian Tribulus is most widely known for its use as an aphrodisiac in traditional medicine.
It is used in developing different bodybuilding programs for support of muscle strength and lean body weight.

The protodioscin constituent of Tribulus has been studied for its effects on testosterone, luteinizing hormone, dehydroepiandrosterone (DHEA), and dihydrotestosterone.*

BIOACTIVE SUBSTANCES IN 1 CAPSULE

It contains the full spectrum of phytosteroids, that work in synergy for enhanced performance.

• 200 mg patented dry extract from **Tribuscin®** - Bulgarian Tribulus (*Tribulus terrestris L.*), standardized at 60% furostanol saponins, determined as protodioscin.

90 vegan capsules
One pack for 30 days

LAB TESTED

BULGARIAN TRIBULUS MAXX

MAX DOSE OF PROTODIOSCIN AND SAPONINS

Maximum dose of furostanol saponins (determined as protodioscin). Premium blend of the most potent *Tribulus terrestris* and Fenugreek extracts, including patented Tribuscin® extract.

3 FACTS ABOUT THE

ECDYSTERONE

FACT 1

Siberian deer are known to seek out the Leuzea plant during their mating season, in order to boost their strength and endurance.

FACT 2

Ecdysterone, the active ingredient of Leuzea herb, became known to Russia in 1962, and to the Western world only after the fall of the Berlin Wall in 1989.

FACT 3

In 2019, German scientists from the Free University of Berlin proved that Ecdysterone can increase muscle strength and sports performance many times over.

Learn more about the natural power of Ecdysterone, who can take the supplement and what the studies say

vemoherb.com

ECDYSTERONE

MORE DETERMINATION, NATURALLY

A high-quality standardized Leuzea extract with maximum concentration of bioactive agents.

APPLICATION

Perfect for lean muscle building, strength and endurance training programs.

It has been shown to stimulate protein synthesis and promote gains of muscle mass and strength.*

It can also support muscle recovery.*

BIOACTIVE SUBSTANCES IN 1 CAPSULE

90 vegan capsules
One pack for 45 to 90 days

LAB TESTED

FIND YOUR PROCOMBO!

GET INSPIRED BY THE WINNERS

''I have used many supplements. However, VemoHerb® supplements have been the most effective in my experience. I combined VemoHerb Turkesterone, Ecdysterone and Bulgarian Tribulus together. The downside of this combination is only one thing: my muscles become too tight and hard, which is not very good for swimmers, because they need flexibility. (laughs)''

- Anastasios Mylonakis, Finswimmer Champion, Greece

"I have tried Bulgarian Tribulus and Ecdysterone by VemoHerb®. Well, I see a tremendous increase in strength and endurance without significant exhaustion and muscle fatigue. I'm extremely satisfied without any side effects."

- Tomáš Šimko, Muay Thai Champion, Slovakia

"With real, tangible results that you actually feel, VemoHerb® is clearly number 1".

- Velislav Velev, Bodybuilding Champion, Bulgaria
